CNC Machining Manager

#### **The Company**

**At Proto Labs**, we're not only one of the fastest growing manufacturing companies in the UK, we're also the fastest in the world at what we do — so being extraordinary is a way of life. If you are looking for an extraordinary career opportunity, you've come to the right place as we are looking for additional people to join our team.

Proto Labs is the world's fastest source for custom CNC machined parts and injection moulded parts. With our CNC Machining and Injection Moulding services, you get real materials, real functionality, and real value in as little as one business day.

#### **The Role**

We are seeking a Material Handler to join our team. This is an exciting new role where you will be preparing plastic and metal material ready for the CNC milling operation. You will maintain inventory levels, carry out stock checks, raise purchase orders when necessary and report any stock inconsistencies. You will identify up and coming jobs and use the milling machines and other power tools to prepare blocks of material ready for production. You will also be responsible for the general housekeeping in the stores and production area.

#### **Shifts Available**

Two Rotating shifts – 6am to 2pm and 2pm to 10pm, Monday to Friday

Night shifts – Sunday 9.30pm to 6am and Monday to Thursday 10pm to 6am.

#### **The Candidate**

The role will appeal to an individual capable of working in a fast paced environment. You will have the initiative to approach challenges with enthusiasm and the ability to react to rapid changes in prioritisation whilst maintaining a clear focus on the company objectives. Exceptional time management, communication skills and attention to detail are a must and you must be computer literate.

#### **Benefits**

- Company bonus scheme
- Company pension scheme
- Childcare vouchers
- Excellent working environment
