

## Software Developer - Summer Internship

£18,000 - £20,000 per annum (Pro-Rata)

### Reporting To

Software Manager (US)

### The Company

Proto Labs is the world's fastest manufacturer of custom prototype and low-volume parts. We revolutionized our industry by developing proprietary computing technologies and automated manufacturing processes that enable us to create "Real Parts, Really Fast." This success has been fueled by our cutting-edge, internally-developed software. Our fast-paced, casual work environment is driven by employees who thrive on innovative thinking, making Proto Labs not only a great place to work, but also one of the fastest growing companies in the region. The UK site is based in Telford, Shropshire.

Proto Labs is the world's fastest source for custom prototype and low- to mid-volume parts. With our 3D Printing, CNC Machining and Injection Moulding services, our speed and versatility lets you take your parts from the very early stages of prototyping all the way up to short-run production of 10,000+ parts — all with one technology-driven, quick-turn company.

### The Role

Are you looking for the opportunity to gain real world experience while working with an innovative and industry leading organization? Do you dream of code in your sleep? Do you want to build, maintain and enhance real software that is used daily? As a Proto Labs Software Development intern, you will be working on business critical initiatives that build your technical knowledge and leadership capabilities. While working alongside seasoned developers and software quality engineers, you'll gain invaluable on-the-job experience, career development and leadership opportunities while experiencing our team oriented, fun and engaging culture.

### Skills and Experience

- Someone working towards a degree in Computer Science or Software Engineering
- A student on their way of being a master of C++, C#, or Java and an understanding of OOA&D
- A super star who has programming experience
- Excellent Mathematical skills are helpful
- Comfortable working in a fast paced, changing environment
- People person - Excellent communication skills, able to work well with a smart, passionate and growing team
- A self-starter who has a passion for speed and getting things done

### Desirable

- PowerShell, Classic ASP, or .Net
- HTML, CSS, & JavaScript/JQuery
- Web Services, MVC, & Databases (especially SQL Server)

### What We Offer

- An amazing team, personally and professionally, who tackles complex problems and delivers awesome results
- An open, casual environment that gives you a lot of freedom combined with a lot of responsibility
- A culture that embraces change, speed and getting things done while balancing your personal freedom
- An environment that encourages an entrepreneurial spirit amongst employees

### To Apply

Please e-mail your CV to [andrew.clarke@protolabs.co.uk](mailto:andrew.clarke@protolabs.co.uk) or call 01952 683028 for further information.

### Closing Date

31<sup>st</sup> March 2017

*Successful applicants will be contacted in April. Due to the large number of applicants, we will only contact successful applicants to go through to the next stage.*
