

Real Parts. Really Fast.™

Material Handler / Production Feeder £8.63 per hour (Including Shift Allowance)

Reporting to:

Mould Shop Leader

The Company

At Proto Labs, we're not only one of the fastest growing manufacturing companies in the UK, we're also the fastest in the world at what we do — so being extraordinary is a way of life. If you are looking for an extraordinary career opportunity, you've come to the right place as we are looking for additional people to join our team.

Proto Labs is the world's fastest source for custom prototype and low- to mid-volume parts. With our Additive Manufacturing, CNC Machining and Injection Moulding services, our speed and versatility lets you take your parts from the very early stages of prototyping all the way up to short-run production of 10,000+ parts — all with one technology-driven, quick-turn company.

The Role

We are seeking a Material Handler who will be responsible for preparing and managing the materials ready for production. You will be retrieving materials and tools from storage using a counter balance FLT, weighing, mixing and drying plastic resin and loading the material into Injection Moulding machines. You will be booking goods in/out of our computer system so must be computer literate and also have good numeracy skills. You will perform and record cycle counts and inventory checks and general housekeeping of the production area. You will be working two rotating shifts 6-2pm and 2-10pm Monday to Friday.

The Candidate

The role will appeal to an individual capable of working in a fast paced environment. You will have the initiative to approach challenges with enthusiasm and the ability to react to rapid changes in prioritisation whilst maintaining a clear focus on the company objectives. Exceptional time management, communication and numeracy skills and attention to detail are a must and you must be computer literate. Ideally you will have taken or renewed your Counter Balance FLT license in the last three years.

Benefits

- Company bonus scheme
- Company pension scheme
- Childcare vouchers
- Excellent working environment
